Ag Council to offer six more grant programs

Applications from the Morgan County Agricultural Development Council for six more improvement grants will be made available beginning Monday, July 23. Grants to be offered include Cattle Handling Facilities, Commercial Sorghum & Strawberry Production, Livestock Fencing, Forage Improvement and Hay Storage.

New this funding cycle is the stipulation that these grants will only be made available to those persons who can document dependency on income derived from tobacco by supplying one of the following: a current marketing contract, a copy of a Phase II Transition check/contract or a copy of a lump sum buyout contract/check. Sons and daughters of farmers with proof of dependence on tobacco income are eligible to apply as well — as long as they have a separate Farm Serial Number and show proof of their parent's dependency.

Farmers will rank one through six the programs that they are most interested in receiving. Due to limited funds, ap-

Blood Drive today at Community Center

You don't have to leap from tall buildings to be a hero. Donating blood or platelets saves lives. Your donation could help save as many as three local patients who need you to be their hero. It doesn't take superhuman powers to perform a superhuman act. All you need to do is donate blood or blood platelets.

The need for blood is great. Every three seconds, someone in Kentucky needs a blood transfusion. That need continues to grow, but with just one blood donation, you can do your part to ensure that the local blood supply is at peak levels.

Donate at the Morgan County Community Blood Drive today Thursday, July 12, from 12 noon-7:30 p.m. at the Community Center, Prestonsburg Street in West Liberty. July 12, from 12 noon-7:30 p.m. at the Community Center, Prestonsburg Street in West Liberty. The drive is sponsored by the Morgan County Lions Club. Refreshments will be provided by the West Liberty Homemakers. For more information call Sarah Edgington at 1-800-775-2522.

Board waiting for sewer to be completed at new elementary school

By Miranda Cantrell James

The Morgan County Board of Education at its regular meeting last week heard an update on the newly-constructed Morgan Central Elementary School, which is expected to open for classes on Aug. 9.

Superintendent of Schools Joe Dan Gold said the school must have a working sewer system before the facility opens to the public.

"We are currently waiting for the city to hook up our sewer," Gold said. "Without sewer we cannot get a certificate of occupancy for the school; everything is in place except for the pump station. The

Dr. George R. Bellamy, who retired recently after 47 years as a family physician, was named Morgan County's Outstanding Citizen of the Year last week during activities on Main Street at the West Liberty Kiwanis Club's annual July 4 Celebration.

The Outstanding Citizen Award, which is presented annually by the Kiwanis Club, recognizes citizens whose efforts and contributions have significantly enhanced and improved the quality of life for Morgan Countians.

Morgan County Judge Executive Tim Conley, a Kiwanian, presented the award to Dr. Bellamy — who has practiced medicine in West Liberty since 1960 — during the celebration's opening ceremonies prior to the annual Main Street games.

Ag Grants ...

(Continued From Page One)

Applications will be ranked to fund the most farmers possible. If applicants have received funds for fencing or hay storage within the last 18 months, they will not be eligible again for these programs, but are eligible for the other programs offered. There is a \$15,000 lifetime limit per program area.

Grant amounts for each program will vary, but still must be matched dollar for dollar on a cost share basis. For example, if you are approved for \$1,000 in funding, you must spend \$2,000 with documented receipts to be reimbursed \$1,000. All projects must fall within the state guidelines adopted by the Morgan County Agricultural Development Council as outlined in the application packet.

Applications can be found at the Morgan County Extension Office (110 Court Street), the Morgan County Judge Executive's Office (450 Prestonsburg Street), and farm stores beginning July 23. All grants must be postmarked by August 10 and mailed to the County Judge's office 450 Prestonsburg Street, West Liberty, Ky. 41472. Applications must be fully completed and a farm serial number must be supplied. Hand delivered applications will not be accepted. Delivery confirmation is highly encouraged.

Mandatory educational meetings will be offered by the Extension Service. The dates of these meetings will be announced in the approval letter. The Council will meet monthly September through December on the second Monday to approve receipts. Payment from the Morgan County Fiscal Court which is serving as the administering agency, will be made within thirty days of notification from the Council. Receipts must be submitted by December 7, 2007, for reimbursement. Reimbursement will not be made until all required report forms are completed. All grants are considered income and an IRS form 1099 will be issued by January 31, 2008. Receipts will be accepted from January 1 of this year.

Guidelines and eligible investments will be given in the application. Requirements may also be found on the website <http://www.kyagpolicy.com>. Select "Help for Farmers" from menu.

others almost 24 hours a day," Conley said. "He is one of those rare individuals who loved his job and loved helping others. "Morgan County owes you a debt of gratitude that we can never repay," Conley said, adding that the West Liberty native has "touched most every family in the county at one time or another with your concern, kindness and willingness to help." The plaque presented to Dr. Bellamy commemorated his 47 years of service to the people of Morgan County at the times "when we needed someone the most," Conley said.

Dr. Bellamy, 75, graduated with honors from Morgan County High School in 1949, and from the University of Louisville's medical school in 1957. In 1954, he married the late Betty Chitwood, and has two sons, George Murray Bellamy and William Bellamy.

After accepting the award, Dr. Bellamy, paid tribute to the community he grew up in and served for 47 years. "It was a great place to grow up in, it's a great place to work and raise a family," he said.

Also recognized at the ceremony were local veterans spouses, widows and widowers. The following participants were honored:

Carol Finch Adkins, Maxine Adkins, Anna Jean Allen, Joyce A. Bach, Cathern S. Ball, Tonya Bolin, Sheila Carpenter, Mrs. James C. Conley, Judy Donley, Deborah S. Easterling, Julia M. Elam, Edith Gunnell, Reva Hutchinson, Mary Lou Johnson, Christine Wheeler Kemplin, Joyce LeMaster, Dove E. May, Cheryl McKenzie, Gerleen Nickell, Leatha N. Nickell, Vernie Patrick, Louise Combs Ratliff, Margaret A. Reed, Nova L. Roe, Casandra Vance and Margaret Wallace.

Following the ceremony, youngsters joined in the July 4th Celebration's traditional Main Street Games, which sack races, three-legged races, bicycle and tricycle races, egg toss, frog race and more.

The celebration continued in the evening at Old Mill Park with the 4-H Talent Show, a Corn Hole Toss tournament and entertainment by the True Gospel Echoes and Clarence Kelly and New-Cut Road, and concluded with as the annual Kiwanis Club's annual fireworks display, which, combined with a late-evening thunderstorm, was spectacular.

building's plumbing must be inspected, however."

Gold said these tasks should not affect the school year's scheduled start.

"We will continue planning to start school on Aug. 9, as originally anticipated," Gold said. "Much progress has been made on Morgan Central in recent weeks. The bleachers should arrive in the next two weeks, and the paving is done. We are currently moving furniture into the building."

In other business, board members decided not to re-name West Liberty Elementary School, which houses West Liberty and Wrigley students who will eventually attend a yet-to-be-constructed consolidated elementary school north of town.

"Some names have been submitted to the board," Gold said. "We decided not to use them because we didn't think they would be good for the current school or the new one that will be built. Names are still being taken, but the board will make a decision at a later date."

The board also considered making podcasts of meetings available to the public through its website.

"We are currently exploring this possibility," Gold said. "Eventually we may tape our meetings and make them downloadable on our website. We don't have a timeline, but several other boards are doing this."

Board members approved four salary schedule revisions, including the following positions, actions and designated days beyond the regular school year:

- Established stipend for director of assessment for elementary education.
- Additional assistant band director, 10 days.
- Gifted and Talented director, 18 days.
- Elementary counselor for WLES and Morgan Central, 30 days.

"We have not had counselors in our elementary schools in approximately 10 years," Gold said. "The new counselor will work at WLES and Morgan Central this school year, but we are considering expanding this service to all elementary schools eventually."

Members also amended a salary schedule revision during a special meeting the previous week to include a stipend for an assistant superintendent position, and voted to extend Gold's contract through the 2008-2009 school year.

No action was taken when board members entered into executive session to discuss land acquisition for the second consolidated elementary school north of town.

The following personnel actions were taken before adjournment:

Employment
Joanne Blair (2006-2007), co-academic coach, MCHS; Tracey Burchett, Spanish teacher, MCHS; Jeffery Norman, teacher/football coach, MCHS; Lisa Jones, teacher, MCHS; Jason Vanhoose, assistant principal, MCHS; Jerry Allen, teacher, MCHS; Stephanie Goodpaster, cook, MCHS; Stephen McKenzie, girls' golf coach, MCHS; Deatrah Barnett, administrator, central office; Susan Norman, special education paraeducator, head start; and Virginia Adams, special education teacher, Ezel.

Happy 16th birthday, Jennifer Bush, July 15

Jennifer Bush

What a blessing it is to be able to celebrate your 16th Birthday! What a Miracle you are!

Weighing only a little over one pound and given only a small chance to live, you fought the battle so hard. Visit after visit we could easily see more and more holes were added to your little heels from the sticks of the needles and there were so many machines and tubes.

It was the hardest thing we had ever had to go through, having you in the hospital and making funeral arrangements for your twin, then having to leave the funeral to head back to the hospital to be with you, praying each and every day that we would not have to face the same with you.

Each and every day we would visit the hospital. It got harder and harder to leave you behind. Those three months seemed like years. I remember at one month old you sucked a bottle for the first time. Even though most babies do this shortly after birth, that was such a big step for you after being tube fed, and on my birthday they called me at 4:00 a.m. and told me they just weighed you and you weighed 4 pounds. That was a wonderful way to start my birthday. We had no idea what God had in store for you but we knew there was a reason you were chosen to live and your twin had to die. You are a miracle from God! Life has been a struggle for you from day one but you never let anything get you down.

At a year old when we knew of your stroke, we were told you would never be able to walk, ride a bike, go to a regular school or do anything that most kids do I sat you on my lap and told you that there wasn't anything impossible and we would work, exer-

cise or do whatever it took and we would prove them wrong and did we ever do that. You have shown yourself that you can do anything you want to do if you set your head to it, try your best and never give up. You have rode many bikes, played basketball, done cheerleading, have always attended regular school with regular classes and made the honor roll many times, and many, many things you have wanted to do. Now you're 16 and getting ready to drive a car!

Just want to say we are so blessed to have you here with us and we know life has been a struggle, but we are so proud of you!

Happy birthday!
Love,
Mom and Dad,
Johnny and Lynn Bush

The Memories

It's been 16 years since you passed away.

Since God took you from mom and dad and left me to stay.

I know I never knew you and we never got to play.

But I still think of you each and every day.

Some times I lay in bed at night wondering what it would have been like if I could have held you tight.

Sometimes the memories pass through my mind and the question still remains of why you had to die.

Your life had just begun you had not even turned one cause we were just born.

But everyday I wonder what it would be like if you was here with me today

I know you had to go to that place in the sky but I just wonder just wonder why you had to die. I know I never got to meet you and say hi but I still feel so close to you today. Your jet black hair, your solid brown eyes and the photos of you are such a sight

How little you were when you got put with God in that heaven so bright

It has been 16 years since the day we were born, oh what a joy it was to have two instead of one but as quick as it came the two went back to one.

But even though your dead and gone your memory still carries on in my heart and mind Oh what a joy it was to have a twin and not just be one.

It still causes mom and dad pain

Letters

Dear Editor,

I got married and left Morgan County in 1962 to work in Ohio. There were no jobs here. I retired and moved back in 2003.

I attended a benefit at the Community Center. Tim Conley came over and introduced himself. He told me where his office was and that he had an open door policy. If I ever had questions or needed anything just come and see him. I have knocked on that door many times and was always greeted with a smile and a hand shake. I have found Tim to be an honest, fair, Christian man.

I have seen improvements in our county the last several years. If I saw a hazard on our roadways, I called Tim. He would come out himself, usually that day or the next. There are so many events to bring us together as Morgan Countians. At each event I always see the Conley families there volunteering their time in making our county a better place to live.

If we would all volunteer to do something to work together we could make Morgan County the best place in Kentucky to live and raise a family.

These petty charges against Tim are outrageous. I have heard so much about the prior administrations on how their friends got roads and culverts on private

property and blacktop roads made for the coon hunters. I could tell countless stories I have heard, but I wasn't here, and I don't know how much is true. Most of you lived here and I'm sure you have heard them also. I always heard "If you live in glass houses, don't be throwing stones."

Everyone knows by now, there will be a special judge hearing Tim's case. I heard on the grapevine certain people are trying to get the case moved out of the county. I volunteer my time to work with UNITE to help get people in drug rehab. I have been going to our courts for seven months. I think our judges are being fair, but strict. I think our jurors are making good decisions on their verdicts with the evidence that is produced to them.

I think if there is a jury trial against Tim Conley, it should be here in our county, and let Morgan Countians decide Tim's future, not outsiders.

"We the People" elected Tim Conley as our Judge Executive and "We the People" should decide if Tim is innocent or guilty.

Let's all unite together for the betterment of Morgan County. Carol Finch Adkins Cannel City

Letter to the Editor In regard to letters column 6-21-07:

This situation with our county judge executive is about the misuse of tax payers moneys. The dozer and the drain culverts are just small things that added to

this financial problem. This isn't about helping a church or lawnmowers, it's about tax payers' money. There wasn't going to be a football stadium, which was printed in the previous paper. There were going to be changing rooms constructed for the opposing teams. I don't understand people being so misled. Sometimes when we don't have the money, we tighten the reins at home, so should the county.

In the last edition of the LVC someone wrote that we were setting examples for surrounding counties. I don't know where he came up with this. Heck we can't even get a free new courthouse built and by the way the new courthouse in Magoffin is beautiful. To compare us to counties like Rowan is insane, we don't have an interstate, college, factories, legal alcohol sales. So tell me what examples are we setting.

I know we need to increase our revenues, but until we can entice some business to come here it isn't fair to lay the load on the working people.

And as for the volunteer Fire Depts., they get their moneys from home owners that live in their districts and cook outs and fundraisers and grants they apply for. I don't think that we will lose any of our already established recreational facilities or lose our V.F.D or our parks, swimming pool, etc. I personally don't think it is fair to impose a tax to take care of our elected officials' miss cues.

Scenes from the 12th Annual Old Mill Bluegrass Festival

Pictured above is a view of Old Mill Park during festival activities on Saturday evening. Attendees enjoyed local entertainment and concessions despite the hot weather conditions, with several festivalgoers dancing and clogging near the bleachers.

Licking Valley Courier employee Janie Collinsworth enjoyed the festivities, and was also presented with a certificate of appreciation from local musicians Clarence Kelly and Bill Trusty for her support of bluegrass music and artists.

This year's festival included the wedding ceremony of Greg Phipps and Liz Smith, of West Liberty (pictured above). The couple was married Saturday evening on park's stage. This was the first wedding to be conducted at Old Mill Park during the annual bluegrass festival. Several onlookers in the crowd witnessed the ceremony, along with a host of family members and friends.

Festival goers sought shade under the park's trees as the temperature continued to rise into the 90s throughout the day.

Another view of the crowd. Several people assembled on the bleachers and walking track facing the stage; some wielded large umbrellas to protect themselves from the sun.

ENERGY SAVING TIPS

A ten minute shower can use less water than a full bath.

- With a new 2.5 gallon-per-minute (low-flow) shower head, a 10-minute shower will use about 25 gallons of water, saving you five gallons of water over a typical bath. A new showerhead also will save energy — up to \$145 each year on electricity — beating out both the bath and an old-fashioned showerhead.
- To avoid moisture problems, control humidity in your bathroom by running your ventilating fan during and 15 minutes after showers and baths.

By and by the dreams come true, though now things do seem hard for you. Amid the triumphs and defeats, you may be sure the circle meets by and by each crooked path is merely just an aftermath, and worries that are ours today, will be as dust to brush

Thanks from the Kiwanis Club

The West Liberty Kiwanis Club would like to take this means of thanking the City of West Liberty and Mayor Bob Nickell for allowing our annual car show to be held on Main Street this year. The show was a great success in part because it was on Main Street. Thanks also to two non-Kiwanians, Shirley Puckett and Tammie Conley, for their help.

A special thanks to the West Liberty Tourism Commission for helping to fund the show. Morgan

Chevrolet and Paradise Graphics were also sponsors of this year's show.

The car show was a splendid example of people working together to raise funds for a cause—in this case the skateboard park—and enjoying a Saturday afternoon on our beautiful Main Street and being together. We hope to help plan more events this summer around the 100th birthday of the Morgan County courthouse.

Next year's show will also be the second Saturday in June and we are expecting to add a Swap Mart. We learn from each event to make them better.

Did You Know?

We call the right-hand side of a ship starboard because long ago, it was the side of the vessel where the steering was done with long paddles. In old English it was known as steorboard.

Words of Wisdom

What joy our lives can be when we continually prove His tenderness in the very little things. There is nothing, too small for Him to help.

(Submitted by Alpha Clevenger)

Two sisters made Ethan and Hal COUSINS, love made them BEST FRIENDS, and a barber shop conversation made them BROTHERS--

For every first star I see and every penny I toss into a fountain; my wish is always the same... just to see you again. Until then I'll keep looking in the clouds.

Love, Hal

In celebration of the life of Ethan Shawn Savage, the many lives he touched, the memories that he made, the hearts that he took and the smiles that he left. On July 13, 2001, the son got a little brighter.

DISCOVER THE WHITAKER DIFFERENCE!

A day at the beach.... How many times can you fill a bucket with sand? There's always enough sand on the beach to fill a bucket over and over again! There's enough to build sandcastles all afternoon and never run out of sand. God made an enormous sand pile!

It's the same with God's love - plentiful like the sand, there is always enough. Our God is "a compassionate and gracious God...abounding in love and faithfulness" (Psalm 86:15). There are many things in this world that are in short supply. God's love is not one of them...it's the one thing we can never "use up".

We can go to God over and over again to "refill the bucket." He always has enough love for each and every one of us. Visit your house of worship this week and every week and learn about God's infinite love.

IN MEMORIAM

In Memory of Herbert Cecil Manning

April 18, 1927 • July 10, 2006

It's been a year since we said

goodbye,

A year of tears and of smiles,

A year of firsts, for you and for us.

Your first Thanksgiving in heaven meant

Our first Thanksgiving without you,

Your first Christmas in heaven meant

Our first Christmas without you,

But through it all, we have our memories of you.

We still see you and think of you every day.

We think about when we were young,

How you helped us all to grow.

How you taught us all the things we needed to know.

You taught us about love and trust and faith and hope.

Most of all you taught us about a heavenly Father,

One who is always there, whether things are wonderful

Or it is the darkest hours of midnight.

You may have thought we didn't hear,

Or maybe that you weren't quite clear,

But, Daddy, all the things you taught us

We remember still.

And now we just want to thank you for being our Daddy.

We miss you and think of you every day

But we know we will see you again tomorrow

And then we will never part again.

Lovingly missed by:

Your wife, children,

grandchildren, great grandchildren, great-great grandchildren, and a host of other family and friends

Post Office boxes offer convenience and security

Get your mail where and when you want it with a secure Post Office box. Many customers value the security and flexibility of a Post Office box. Do you move or travel a great deal? Want to expand your presence in another community where you do business? Keep late or irregular hours and can't always get to your mailbox? Then perhaps renting a Post Office box is your answer.

"For security, flexibility, convenience and peace of mind, nothing beats renting a P.O. box," says Ezel Postmaster JoAnn Phipps. With a P.O. box, your mail is secure--protected under lock and key by Federal Statute. It affords flexibility in retrieving your mail, early, late, any time the lobby is open. Renting one near your work location can give you a jump on the day's correspondence.

"Not only that, but a P.O. box is affordable, reliable and easy to get," says Phipps. Customers can apply for a P.O. box in cities where they do business and pick up their mail as they travel. You don't have to live in a community to rent a P.O. box there.

P.O. boxes come in five sizes and prices vary depending on the box size and Post Office classification. Postmaster Phipps advises checking the Post Office to see what sizes are currently available. "It is a secure way of getting your mail," she says. "And, only you have the key and your mail is private and for your eyes only."

KINDNESS

A little word is kindness spoken, a motion or a tear, Has often healed the heart that's broken and made a friend sincere. A word a look has crushed to earth full many a budding flower, which had a smile but owned its birth, would bless life's darkest hour. Then deem it not an idle thing, a pleasant word to speak, the face you wear, the thought you bring, a heart may heal, or break.

- To rid tar and grease spots from clothing use a good dose of mayonnaise rubbed in.
- For silky hair use a teaspoon of soda with shampoo and rinse thoroughly.
- To keep brass and copper shining, dip in a vinegar solution. It works.

Blood Drive set for July 12th at Community Cen.

You don't have to leap from tall buildings to be a hero. Donating blood or platelets saves lives. Your donation could help save as many as three local patients who need you to be their hero. It doesn't take superhuman powers to perform a superhuman act. All you need to do is donate blood or blood platelets.

The need for blood is great.

Every three seconds, someone in Kentucky needs a blood transfusion. That need continues to grow, but with just one blood donation, you can do your part to ensure that the local blood supply is at peak levels.

The requirements to be a donor are simple – 17 years of age, weigh at least 110 pounds and be in general good health. It takes less than an hour and you can do it again 56 days later.

And consider this. Please bring a friend or family member with you when you donate. You and your "blood buddy" can double the good you will do.

Donate at the Morgan County Community Blood Drive today Thursday, July 12, from 12 noon-7:30 p.m. at the Community Center, Prestonsburg Street in West Liberty. The drive is sponsored by the Morgan County Lions Club. Refreshments will be provided by the West Liberty Homemakers. For more information call Sarah Edgington at 1-800-775-2522.

Litteral, Phipps vows spoken in Gatlinburg, Tn. May 12th

Mr. and Mrs. Elbert Cody Phipps

Amanda Hope Litteral and Elbert Cody Phipps were united in marriage on May 12, 2007 at 2:00 p.m., in Gatlinburg, Tennessee. The couple's family gathered for a beautiful mountaintop wedding overlooking the Smoky Mountains. The bride was given in marriage by her father and wore a strapless ivory satin alin gown with a semi-cathedral train. Around her waist the bride wore a pearl pink sash that tied in a bow with the sash extending the length of the train. She carried a beautiful bouquet of miniature pink calla lilies with fern and ivy.

Hope is the daughter of David Joe and Kathy Litteral of West Liberty, Kentucky and the granddaughter of Arlie and Shirley Fraley of Morehead, Kentucky and the late Herbert Kenneth Blanton of West Liberty and the late James Harvey and Belle Litteral of West Liberty. She is a 2004 graduate of Morgan County High School and is attending Morehead State University, where she is majoring in middle grades

education. She is employed during the summer with the Department of Fish and Wildlife as a camp counselor.

Cody is the son of Larkin and Sue Phipps of Cannel City, Kentucky and the grandson of Connie Phipps, of Cannel City, and the late Elbert Phipps, and Thelma Whitt, of Mt. Sterling, Kentucky. He is a 2004 graduate of Morgan County High School and a 2005 graduate of Rowan Technical College. He is employed by Cherne Contracting Cooperation of Minneapolis, Minnesota and is a member of Local 421 of Charleston, North Carolina.

After the wedding the bride's family hosted a reception at their cabin with raspberry punch and a tiered wedding cake adorned with miniature calla lilies. The bride and groom honeymooned in Gatlinburg before returning to West Liberty, Kentucky to make their home. All family and friends wish them a long and blessed life together.

Growing at Grace

All those youth from Grace Baptist Church who attended "Faith in Action Youth Camp" this year returned with a renewed commitment to furthering the word of God. At the camp held at Pennyrile State Park in Western Kentucky, some of them rededicated their lives, helped to lead others to Christ, and made new friends for life. Those who went wrote letters of appreciation to the church for sending them. We really have a wonderful group of children who truly inspire and give direction to our church.

Most wedding ceremonies are beautiful and touching but the marriage at Grace on June 30, 2007, which united Jessica Fallen and Jason Baskin was especially lovely because the groom composed a song, wrote words and music and accompanied himself on guitar and sang the love song to his petite bride as part of their wedding vows. Pastor Mike said what everyone was thinking, "I'm impressed!"

BE GOOD TO YOURSELF

What does it really mean to put yourself first? it means liking yourself. It means trusting yourself. It means not bossing yourself around, because if you're bossing yourself around, it's the boss, not you, who comes first. It means taking care of yourself, in every sense of the word.

Thank you, friends

A heartfelt thank you goes out to my many friends and family, from both far and near, for their presence and support at the 12th Annual Old Mill Bluegrass Festival, in West Liberty, last weekend. My deep appreciation to the festival committee for including my band in this fine lineup of bluegrass entertainment, and to all of the sponsors who make this festival possible. Thank you to all the radio stations for playing my music and to the fans who call in and request it. Thanks also to Courier Publishing Company for their support.

Last, but not least, I want to thank the talented musicians that make up Blue Mountain Grass--Debi Brandenburg Horton, Keith Prater, Mike Wilson, Mitch Bentley, Kyle Wilson, Danny Joe Gevedon who graciously fills in with his fine doghouse bass playing when Mitch is unable to perform with us; and to a lifelong friend, Mark "Hobo" Jackson, who travels with us and takes care of the sound system as well as unloading and setting up for our performances, and then packing up afterward for the trip back home.

Blue Mountain Grass is scheduled to perform at VFW Post 5839, at Lancer, Ky., near Prestonsburg, on Saturday, July

21, beginning at 8 p.m. To get to Lancer from Prestonsburg, take Highway 23 South to Highway 80 exit ramp. Make a left turn at the end of the ramp, turn left at traffic light on South Mayo Drive. The VFW Post is located next to Penelope's Pet Shop. Admission will be \$10 per person. For additional information, contact Paul Edwards at (606) 886-9428. Hope to see everyone there, and again, many thanks to everyone for their continued support.

Helping Hands for Animals, Menifee Animal Shetler horse show a success

Helping Hands for Animals and the Menifee Animal Shelter held a Fun Spring Horse Show on Sunday, May 20. On behalf of these two organizations we would like to thank everyone who came out to show their horses, and those who came out to watch.

We would also like to thank Langley Franklin for being our

show announcer; Ottis Jean lane for acting as judge; and Laken Gullett for being our ringmaster.

The Kentucky Equine Education Project generously sponsored this show, and we want express our gratitude to them as well. KEEP is an organization that promotes the horse industry as an economic boost to our state. They

underwrite/donate to non-profit organizations, 4-H programs and provide scholarships for persons pursuing a career in an equine field of study.

Helping Hands for Animals and the Menifee Animal Shelter work together to decrease the numbers of stray and unwanted animals in this area. Both organi-

zations provide education and spay/neuter assistance in order to decrease the stray population. They also strive to place unwanted animals in good homes as an alternative to euthanasia.

For more information about these organizations, please call Vicki Stacy at 743-7261, or Diana McGuire at 768-6157.

Twenty-Six

By: Sherry Bailey

July 9 — Congratulations to my cousin, Liz [Smith] and Greg Phipps, who were married on stage at the Old Mill Park during the bluegrass festival on July 7. Clarence Kelly and Nu-Cut Road sang "Forever and a Day" and Gerald Evans sang "Walk Through This World With Me" for the newlyweds. Rev. Tom Smith of Risingsun, Indiana, officiated. Giving the bride away (gladly) were her brother, Johnnie Ray Smith, Catherine Dismore ("stand-in mom"), Ruby Digonno ("sister"), and Gregg Sutter ("brother"). Best man was Mike Turley. Maid of honor was Johna Digonno. Flower girl was cousin, Ali Maynard. Attendants were Lynne Smith, Paula Kelly, Josh Smith, and Danny Jones.

Weekend visitors of Liz and Greg Phipps were: Clarence and Paula Kelly and Sean Kelly of Fairborn, Ohio; J. J. Arnold of Dayton, Ohio; Gerald and Pat Evans, Elwood and Kathy Middleton, and Jim and June Rigsby of Waverly, Ohio; Sarina Davis of Fairbanks, Alaska; Ron Rigsby of Nashville, Tenn.; Bill and Sue Smith, Emily and Gretchen of Memphis, Tenn.; Tony Jr., Ruby and Johna Digonno, Tony Digonno, Sr., and Nick Digonno and Julie Schrek of Hamilton, Ohio; Gregg and Sandy Sutter of Sharonville, Ohio; David, Karla and Josh Smith of Lawrenceburg, Ky.; Russell G. and Lora Brown, Cade and Russell David of Shelby, Ohio; Bryan and Andrea Maynard, Ali and Johnny and Robyn Nickell of Groveport, Ohio; Vicki, Daniel and Ellis Batres of Pasadena, Texas; Tom and Pat Smith of Risingsun, Ind.; Cletis Day of Overton, Nev.; Catherine Dismore, Joe and Cathy Sanders, and Doug and Lana Walton of Veedersburg, Ind.; Keith and Alice Bailey of White Oak; Norma Phipps, Felicity, Ohio; Mike Phipps of Owingsville; Patty and Mike Turley of Louisville; Danny and Travis Jones of Sandy Hook; Tressie Privett, Crissy Ross, and Veldon and Nina Stacy of West Liberty; Wanda Phipps, Terri, Connie and Bobby of Stacy Fork; J. Junction News

By Kathy Bolin
July 2 – Greetings from the Junction.

On Wednesday, we will be celebrating July 4, Independence Day. Actually, I am saving money this year, because Aaron is at Morehead. So I did not have to go out and spend my money on tons of fireworks.

There is one firecracker I spend money on every year and willfully do it without ever any regret. That is my granddaughter, Adrian. Her birthday falls on July 4 and this year she will be 14. I spent a couple days with her and my family last week.

Several of you know the torment that the Greg and Paula

Adkins family have been going through for the last month over losing their dog, Licorice. Well, their prayers were answered last week when Licorice was brought home by a neighbor who found him. Licorice had not been stolen, but he had been running the countryside with several big dogs. He was starved to death, matted and cut to pieces, and barely recognizable. Licorice is now back home and he can tell you from his own experience that it is not greener on the other side of the fence. Also, I forgot last week to wish Greg and Paula a happy anniversary, their 20th.

Billy Wayne Bolin's daughter, Pam and husband, Dean, and grandchildren, Clay and Cole Roland, are off vacationing in

Orlando, Fla. They are planning a trip to see Disney World.

Phyllis Ann Beasley is visiting at the home of Clyde and Sally Montgomery. On Sunday evening, Phyllis came to Sunday night service at Williams Creek Church with Mason Montgomery. Also, Molly Francis, of Peebles, Ohio, will be 81. She is a sister.

Edison Pack is an ICU patient at a Prestonsburg hospital, suffering from congestive heart failure and pneumonia.

Herbert Wright is a patient at Morgan County ARH in West Liberty. He is also suffering from pneumonia.

On Sunday, Joyce Pennington was admitted to Morgan County ARH in West Liberty, with a back

problem. Remember all three of our neighbors in your prayers, please.

Well, I guess that is it for now.

THANKS
Thank you, Dear Jesus,
For your promise of love.
Someday you will take me,
To that heaven above.
I sinned, oh so badly,
But you understood.
You saved my poor soul,
Like you said that you would.
You cleansed my soul,
Like a snow white dove.
And rocked me so gently
In the cradle of love.

Getting A New Last Name? Get A New Card!

June is the traditional month for weddings. And many women who get married – in June or anytime during the year – change their names along with their marital statuses. Whether brides take the name of a husband or opt for hyphenation, there is something more important they should do soon after the honeymoon.

People who change their names should make sure they notify Social Security of the new name.

This does not just apply to women who are getting married. It could also apply to a woman who officially changes her name following a divorce. And for that matter, it applies to anyone, man or woman, who changes his or her name for any reason.

The bottom line is that people should make sure that the name their employer is using to report earnings to the Internal Revenue Service (IRS) and Social Security exactly matches the name in their Social Security records. If you have changed your name, the way to do that is to get a new Social Security card with the correct name, since the information on your most recent card is always the same as the information is Social Security's records.

There are several reasons to report the change. First, IRS and

Social Security match computer records. If the name and Social Security number you report on your tax return do not match the name and Social Security number in our records, it could delay the processing of your return as well as any tax refund you might be due.

The second reason it is important to make sure your Social Security records are up-to-date is because your potential Social Security benefits are based almost entirely on the earnings record we maintain for you. If your employer reports earnings to the government under your new name, and your Social Security record still shows your old name, those earnings will likely not get credited to your Social Security earnings record. And missing earnings translate to lower Social Security benefits.

To change your name in Social Security's records, you need to apply for a new Social Security card. To make the application process faster and easier, just go to www.socialsecurity.gov/ssnumber/ and print out the form for a Social Security number, "Application Form SS-5."

Just complete the one-page form and bring it to your local Social Security office with either your marriage certificate showing your old and new names or two documents – one with your former name and one with your married name. All documents must be originals or certified copies and must have information that clearly identifies you, like your date and place of birth. The application form lists other documents Social Security accepts. If you do not have Internet access, you can call us at 1-800-772-1213 or visit your local Social Security office.

MORGAN COUNTY FOOTBALL

Cougars will play six home games this season

Schedule includes games against Clay County, Prestonsburg and Fairview

By David Patrick

Every first year coach wants to get off to a good start, and more often than not, that requires a favorable schedule. While Morgan County does play some quality teams in 2007, the overall schedule should play to its advantage. The Cougars' opponents had a combined record of 46-61 last season, with only three (Prestonsburg, Bath County and Clay County) posting a winning record.

Rowan County is one of the teams that finished below the .500 mark. After beating the Cougars in the season opener, the Vikings lost eight of their last nine, including seven by double figures. But Cougar Coach Jeff Norman figures Rowan to be much improved this time around.

"Rowan will be a tough game to open with," Norman said. "They're loaded up front with big, physical players. I coached many of those guys when I was in Morehead. Rowan will be solid down in the trenches."

The Cougars will play Powell

County in West Liberty on August 31. Morgan beat the Pirates by 59 points last year in Stanton. The Cougars sho have little trouble doing the same this season. Jeff Norman's team will then play one of only four road games on this year's card at Magoffin County before returning home for three straight home games against Prestonsburg, Fairview (Sorghum Bowl) and a much improved Bath County team. After years of struggle, the Wildcats won seven games in 2006, including a convincing 32-18 win over the Cougars.

"Bath County is not the doormat of Eastern Kentucky football anymore," Norman said. "They've completely turned their program around and I expect it to continue."

After losing to West Carter by a touchdown last season in West Liberty, the Cougars hope to return the favor on October 12. Then it's the final regular season road game against Shelby Valley before closinñg out the home schedule by hosting Clay County

and East Carter.

Morgan County hosts six games at Herdman Field this season. Between August 31 and October 7, the Cougars will play away from West Liberty just once (September 14 a Magoffin). That should give a young team a chance to gain confidence and victories.

"I'm very excited about out schedule," Athletic Director Chris Trusty said. "With six home games, it's not only good for the team, but also our fans. I'm especially looking forward to having Clay County come to town because it gives our fans the opportunity to see a different team than what they're used to. The Tigers have a good quarterback in Zach Lewis, who was one of the leading passers in the state last season."

For those wanting a sneak peek at this year's Morgan County team, the Cougars will play in a 7-on-7 passing league game Friday night at Allen Central. Game time is slated for 6:00 p.m.

Morgan County's offense is young, but fast and talented

New Head Coach Jeff Norman is looking to Ward and Havens for points and leadership

By David Patrick

Jeff Norman is now a resident of West Liberty and practice is officially underway. The Cougars took the field for the first time Tuesday night. Norman admits he already likes what he sees.

"I'm excited about how things are going," Norman said. "These are great kids with a good work ethic. I'm confident we're going to surprise people and turn some heads."

The old saying that, "offense sells tickets, but defense wins

games" certainly holds some truth. But what about the Cougar offense? Does the new coach have the player to get the ball downfield and put points on the scoreboard?

"We're going to be a running football team," Norman said in describing his offense. "We'll line up in the wishbone and look to run people over. That's the game plan and we do it until someone proves they can stop us. Then if that's the case, we'll spread the field and throw."

Last season, Brandon Ward got valuable experience in the backfield and proved he could carry the football. Norman believes Ward will play big part in the offense.

"Brandon is going to do a good job for this team," Norman said. "He's a tough kid who can run the football and pick up yards. I like what I see in Brandon and he can get it done when you get him the football."

The quarterback position remains a big question mark for Morgan County. Kyle Havens

can play the position, but Norman prefers to have him carry the ball.

"Kyle is going to surprise a lot of people," Norman said. "He's a good athlete and has plenty of talent. Even if we do use him as quarterback, he'll be running as much as he throws."

Another option at quarterback is Jared Curd. Norman likes his arm strength, but is hesitant to put the responsibility of the position on a freshman.

"You really have to careful about throwing a freshman in as quarterback," Norman said. "You hate to force that much on a young player. But at the same time, I do believe he's the quarterback of the future for this program. And we're going to go with the player that gives us the best chance to win."

The coach says Clay Adkins should also give the team some help in the backfield. Adkins has shown great interest in being a running back. The coach believes the move could be a good one considering Adkins's outstanding blocking abilities.

Of course, moving the football takes good play from the guys up front. Norman says he has the makings of an outstanding offense line.

"If everybody plays, we're going have a good line," said the first-year Cougar coach. "Granted, we will be young, so I don't know how strong we'll be. But, we do have good foot speed and we'll rely on that until we can get our guys bulked up."

Adkins leads Cougars' 'high pressure' defense

11 players will attack the football in Coach Norman's program

By David Patrick

Jeff Norman is a self-described "old-fashion" football coach. There's nothing fancy about him. It's as simple as out-working the competition and executing a game plan.

"I told our kids Tuesday night that I wanted them to quit worrying about wins and losses because we are going to win football games," Norman said. "I'm tickled to death with our practices. We've played exceptionally hard already and I couldn't be happier."

Norman has made it known that nobody will work harder on defense than Morgan County. The coach will play an "old Oklahoma" style — a 5-2 defense with three interior linemen, two defensive ends and a pair of linebackers.

"We will attack and attack some more," Norman said. "Our linemen will read the helmets, fight pressure and get into the backfield. It's all about high pursuit and sending 11 men to the football."

Norman describes linebackers as the "meanest, toughest guys on the field." He says while one

linebacker position is still up for grabs, the other has already been taken.

"Clay Adkins will definitely start at linebacker," Norman said. "He's a great team leader and a standout football player in every sense of the word. If we had 10 more of him, we'd win a state championship."

Adkins was the first player Norman met when he arrived in West Liberty. The coach says Adkins' work ethic and attitude sets the standard in practice.

"He's a big reason these kids are working so hard," Norman said in describing Adkins. "He goes at it hard every day. He loves to play and is willing to do what it takes to win."

The coach expects aggressive play on the defensive line from Nathan Cantrell, Justin Leach, Ryan Flannery and his son, Dillon Norman. Adkins will be joined in the secondary by Josh Blevins, Kyle Havens and Geordan Conn. Norman likes Conn's versatility and expects to play him at multiple positions.

If it sounds like Norman is an optimistic coach, you're right. Fact is, there's not a negative bone in his body. He expects to win every game and instills that same confidence in his players. It's been said that believing is half the battle. Believe me, Norman mastered that concept a long time ago.

UK Korner

UK, Uof L Hype Begins

Although the Kentucky Wildcats will open teir football season with games against Eastern Kentucky and Kent State, no game is receiving more fan attention than the September 15 matchup with Louisville at Commonwealth Stadium. And after weeks of speculation of whether or not the game would be available on live television, the University announced this week that both ESPN Classic and the Big Blue Sports Network will carry the game with a 7:30 p.m. kickoff.

WKYT-TV in Lexington and WHAS in Louisville will both have the broadcast, which is the most anticipated matchup on UK's schedule. It marks the sixth consecutive season that the game will be shown on an ESPN affiliate. The Cats and Cardinals have played 10 of their 14 games on live national or regional television since 1994.

The Louisville game provides a golden opportunity for the Wildcats to show that they belong with the "big boys" of college football. The Cardinals have dominated the recent series, including last season's 59-28 blowout in the River City. Had it not been for Louisville's slipup last season against Rutgers, the Cards would have no doubt played for a national championship.

However, the prevailing attitude around Lexington is that Kentucky has a real shot at a big upset. The Cats' convincing win over Clemson in the Music City Bowl has done nothing but fuel the team's confidence. Louisville will again be ranked among the nation's elite and beating the Cardinals could go a long way in turning the UK program

Thank you from Old Mill Bluegrass Festival committee

The 12th annual Old Mill Bluegrass Festival is now history! The two-day event probably drew the largest crowd since Ralph Stanley's performance a few years ago. Everyone that braved the July heat seemed to enjoy the music, visiting with friends, and the good food provided by local vendors.

Many are to be commended for their part in making this one of the best festivals yet. First of all, to our sponsors---Commercial Bank, West Liberty Tourism Commission, Dr. Jeff Bailey, The Wells Group, Frederick and May, McKenzie Shopwise, West Liberty Chamber Of Commerce, Dr. James Frederick, Citizens Bank, and Mountain Telephone---many thanks for your financial support that makes this festival possible each year.

Our deep appreciation to all others who rendered their services to make sure that the festival went well--Morgan County Sheriff's Department; West Liberty Police Department; Mayor Bob Nickell; Eastern Kentucky Correctional Complex Warden John Motley, and employees including Mike Howard, Gerald

Profitt, and Kathy Litteral; Phillip Harmon; Katherine Harmon; Scottyee Franklin; Simple Elegance Cafe (Steve and Sylvia Elam and employees); the sound men, Lundy Wright and Gary Ball; Jim and Myrtle Connolly; Sally Barker, Elzie Keeton, Morgan County Fairboard; and so many who work behind the scene to help keep things running smoothly. A special thank you to all the bands for the great job they did entertaining the crowd.

Once again, many thanks to all for supporting this event.

Dean Hill to appear on KET's Kentucky Life July 21 and 22

Beauty is on display indoors and out when Kentucky Life features Morgan County photographer Dean Hill. The program, hosted by Dave Shuffett and his canine pal Charlie, airs Saturday, July 21, at 8/7 p.m. CT and Sunday, July 22, at 4:30/3:30 p.m. CT on KET1 and Sunday, July 22, at 7/6 p.m. CT on KET2.

Kentucky Life spends some time with Dean Hill, who left Morgan County for college, joined the Peace Corps, and while in Thailand, took up photography. His travels have subsequently taken him far and wide, but he returned to his roots and built a home on land that has been in the family for generations. His goal as a photographer, he says, is to capture the beauty of the Appalachian foothills.

Kentucky Life is a KET production, produced by Joy Flynn. Segment producers for this program are Joy Flynn, Jim Piston, Brandon Wickey and Tom Thurman. Some Kentucky Life programs are available for on-demand videostream viewing at www.ket.org/kentuckylife. More about KET programs and educational services, and how to support KET can be found at www.ket.org.

Hunter education permit exemption available July

A new permit will be available July 1 to make it easier for people to try hunting. The temporary hunter education permit allows a person to hunt for one year without first completing a hunter education course. The permit will be available online at fw.ky.gov for a \$5 fee and is available to both Kentucky residents and non-residents.

"License sales have been going down over the years, and we were looking for a solution to the problem," said Bill Balda, hunter education supervisor for the Kentucky Department of Fish and Wildlife Resources. "We want people to try hunting, to take advantage of Kentucky's wildlife resources."

Kentucky's hunter education law requires all license-required hunters born on or after Jan. 1, 1975, to pass a hunter education course and carry the course completion card when hunting. However, hunters who have the new permit will be exempt from this law for one year from the date of purchase.

"We made the permit effective 12 months from the date of purchase, to give hunters an opportunity to try all the hunting opportunities Kentucky has to offer," Balda said.

The permit is available only

one time. Once it expires, hunters are no longer exempt and must successfully complete a hunter education course. Hunters who carry the permit must be accompanied by a properly licensed adult hunter at least 18 years old who meets the hunter education requirement. The adult must remain in a position to take immediate control of the exempted hunter's bow or firearm while hunting. Adult supervision is also required for all hunters under the age of 10, and for all firearm deer, elk and turkey hunters 15 and under.

"We did not want the accident rate to go up," said Balda. "Texas began a similar permit in 2004, and there was no increase in hunting accidents."

Two other hunter education changes go into effect July 1. Kids do not have to take the course until they turn 12 years old, instead of the previous age of 10. Also, kids cannot take the hunter education test until they turn nine. During the year window between age nine and 12, kids have many opportunities to take a course. More than 300 hunter education courses are scheduled throughout Kentucky each year. Course dates, times and locations are posted online
